

# PESADILLA short version

## Technical reader

This version of Pesadilla has been made to be as light and easy to transport as possible. For this reason I travel alone and I do the performance with a technician from the theater. This will require a little rehearsal with the technician, if this won't be possible I need to know it as soon as possible.

The short version of Pesadilla exist in 2 different formats: 12 minutes and 25 minutes

### 12 minutes:

Stage:

- Black dance floor minimum 6 X 6 m
- The piece can also be performed in many alternative places, indoor and outdoor,

Lights:

- 16-24 PC 1000 Watt + Tg + Flap (number of PC depends also on the stage size)
- cables for connections
- 18 Canal Dimmer da 2,5 KW

Audio:

- The system needs to be ready before the arrive of the company.
- The system needs to be proportioned to the Venue.
- I bring music on my USB key, if a different support is needed please tell me as soon as possible.

Planning for build up and rehearsal:

- 4 hours to build up lights and sound (depend how much can already be done before the arrival of the company)
- 30 minutes to rehearse the performance with the technicians of the theatre

Dressing Room:

- One dressing room with water, fruit and snacks
-
